FUNDRAISING SHOOTS

Charity Clay Shoots are a fantastic way of raising funds for worthwhile causes, whilst also giving your supporters the opportunity to enjoy a rewarding and memorable experience.

Over the years we have worked closely with a number of charities to help raise significant funds through charity shooting events.

Each of our Charity Clay Shoot Experiences is arranged on an all-inclusive basis, so all you have to concentrate on is raising funds. Our experienced staff both on the ground and in our office are here to support along the way.

Our most popular charity shoot format involves a combination of tuition and competition, which makes it accessible for all levels of experience. Charity events are normally shot in teams – maybe you wish to encourage local companies to enter, or a group of friends can join together and enter a team too.

Charity Shoots can take place at our award-winning Shooting School near Cheltenham. We're within easy reach of a number of major cities, including Bath, Bristol, Gloucester, London, Oxford and Swindon. Alternatively, we can also organise shooting events at approved external venues.

FREQUENTLY ASKED QUESTIONS

What can I expect from a Clay Shooting experience?

In short, to have a lot of fun! As an idea of how a typical day runs: following tea and coffee, guests are given a safety briefing and split into teams. Each group is assigned one of our friendly and experienced instructors, and then moves around the ground to shoot a number of different clay pigeon targets. Any of our packages can include a fun, competitive element, which is great for team-building days.

What about recoil?

Many people are worried about whether shooting a shotgun will hurt. If you have an appropriate gun and are holding it correctly, it shouldn't. If you do feel like there is a lot of recoil, just ask your instructor as we can always provide a shoulder pad. We provide small bore guns with short stocks for ladies and also use special low recoil cartridges. Our ultimate aim is to ensure that the experience is fun for all.

What do I need to bring?

There is no need to bring anything with you. The following is included in ALL our Corporate Clay packages: professional tuition, gun hire, cartridges and clays, all safety equipment, public liability insurance, use of covered stands in case of bad weather and use of our function marquee.

What if it rains?

We have a number of covered stands so guests can enjoy the day whatever the weather.

What do I need to wear?

We've got gravel walkways, so no need for wellies or anything, even if the weather is being British. Comfortable, casual clothing and reasonably sensible footwear is about all that's required.

How long does it take?

Approximate times are noted in the package descriptions. Timings will be affected by group size and levels of experience.

Do you do catering?

We can arrange catering to any standard required – from simple shoot lunches to three course meals. Available for groups of 10 or more.

Do you have a minimum or maximum booking number?

The minimum booking number for corporate packages is 10 people. If your group is smaller than this, then we have plenty of other clay shooting packages to choose from, please contact us for more details. Maximum group size is 150.

How about meetings and accommodation?

Make use of our function marquee, or ask us about any of the fabulous local hotels and venues with meeting spaces and rooms.
